## 2. Reading Comprehension

Time: 25 minutes

Read the article about people talking about their problems with sleep. Answer the questions.

### A Tony

My sleep problem is really quite serious, but a lot of people think that it's normal and even funny. I snore at night when I'm asleep – and my wife says that it's pretty loud! Now, I know snoring isn't unusual and there is a lot of advice on how to stop someone snoring, but my snoring is different! It's linked to something called sleep apnoea. When you snore it means that you can't keep your throat open when you're asleep. In my case, I actually stop breathing for ten seconds or more. My wife notices that I'm not breathing and has to wake me up. She's really worried that one day I won't wake up! So am I.

### B LIZZIE

My problem is very unusual and most people have never heard of it. It's called narcolepsy and it has changed my whole life. Narcolepsy is when people fall asleep anywhere at any time and they can't stop it. Since the problem started I've had to stop work because you can't do a good job if you fall asleep in the middle of a conversation! I don't like going out with friends because I get embarrassed about it and also I've had to stop driving as it's much too dangerous. I go to a special sleep clinic now and they're helping me a lot.

### C ROBERT

I've had this sleep problem since I was a child and I know a lot of people who have the same problem. It's insomnia and that means I sleep very badly. Sometimes I can't get to sleep for hours and sometimes I go to sleep OK, but I wake up in the middle of the night and then I can't get back to sleep again. It's horrible because the next day I can't concentrate on my work. It's also very lonely when you wake up in the dark and you think you're the only person awake in the world! The doctor gave me sleeping tablets, but I don't like taking them because they make me feel bad the next day.

### Which person (A, B or C)

- |    |   |          |
|----|---|----------|
| 17 | hasn't done what the doctor suggested?                  | <u>C</u> |
| 18 | has a rare problem?                                     | <u>B</u> |
| 19 | has had the problem for a long time?                    | <u>C</u> |
| 20 | is getting better?                                      | <u>B</u> |
| 21 | doesn't sleep alone?                                    | <u>A</u> |
| 22 | thinks some people laugh at his/her problem?            | <u>A</u> |
| 23 | can't do the same things he/she did before?             | <u>B</u> |
| 24 | gives three examples of the results of his/her problem? | <u>C</u> |

### Task 2

Read the article from which some sentences have been taken out. Choose the correct sentences A–H to fill the gaps. There is one extra sentence that you do not need.

#### Long distance rescue

Most people have heard of the *Titanic*. It was the largest passenger ship in the world and was launched in 1912, but it hit an iceberg and sank in the Atlantic Ocean with 1,517 people. (25) D It is a very strange tale, but luckily it had a better ending than the story of the original *Titanic*.

Alex Evans works on a lifeboat in Wales and he spends a lot of his time rescuing people from the sea. (26) F A few weeks ago, Alex was shopping with his mother when his mobile phone rang. He was surprised to get a signal and answered it. He was even more surprised to hear the voice of his friend Mark Corbett, who was on a motorboat in the Caribbean over 4,000 miles away. (27) B He told Alex that the boat was sinking and they needed help! Alex first thought that it was a joke. (28) G Then he heard the panic in Mark's voice and realised that it was a real emergency. Mark said that there was a lot of water in the boat and they had lost power. (29) E He was using the satellite phone and the only number he could remember was Alex's!

Alex stayed calm and wrote down the information about where the boat was. (30) A They sent out planes and three hours later they found Mark's boat and rescued them. (31) H Maybe boat owners should avoid calling their boats *Titanic* in the future!

- A Then he contacted an international rescue centre.
- B Mark was with some other men, taking a boat to Grenada.
- C However, he doesn't have a boat himself.
- D Luckily everyone was OK because of the actions of a good friend 4,000 miles away!
- E They couldn't use the long-range radio.
- F This year he was part of a sea rescue that was a little different!
- G Imagine someone phoning you and saying that they are on the Titanic and it's sinking!
- H Now another boat with the same name has been in the news because it got into trouble at sea.

## 4. Writing

Time: 20 minutes

You have received a letter from your English-speaking friend Frank. Write him a letter and answer his questions. Write 80-100 words. Remember the rules of letter writing.

... My mother complains that I am lazy and don't help her much. Do you often help your parents? What about your friends? What duties does every member of your family have in the house?...

Hello Frank! Thanks for sharing this story with me! I often help mom and dad with household chores. I think that you always need to help your parents with something. My friends often help their parents too. For example my friend Sasha helps parents with repairs. I usually clean the house and keep an eye on my brother. And I also take care of pets: a parrot and a cat. And Mom prepares food and grows strawberries. And stepfather grows raspberries.

What about your family?

How many members in your family?

Do you help your parents?

See you tomorrow,

Liza.
